ABOUT THE LESSON

A mother bird and her two young ones lived in a forest. In a story the mother was killed and the young birds were separated from each- other. Now each found a different home. The first one reached in the company of robbers and the second one reached in storm the company of a saint. One day a king came to the forest, he was amazed to hear the voice of them. One used abusive language and anther used welcoming language. He was confused that how two sisters could behave differently than the Rishi/ Saint explained him that one is known by the company one keeps.

WORD MEANING

- 1. Forest - Jungle**

 - 3. Little ones - Babies**
 - 4. Storm - Wild wind**
 - 5. Thunder - Roar of clouds**
 - 6. Hit - Struck**
- 

THEME

This story is a didactic one in true sense. The story shows how our company affects us our mind set and behaviour. As the bird near the cave lived with the robbers, so it acquired the behaviour of the robbers. And the bird which lived near the rishi's ashram acquired pleasant and gentle behaviour like the rishi. So we must be conscious while choosing our company. We must avoid bad company and choose the good one to be good.
