

Garden Snake

CLASS VII

Key Points

- A little boy is afraid of a garden snake.
- People say all snakes are dangerous .
- The boy's mother assures him that the snake is harmless.
- The boy believes that the garden snake wouldn't harm anyone.

- **Summary**

- A little boy saw a snake in his garden and was scared. As till now he had many times from different people that snakes are dangerous.
- But his mother told him that garden snakes are good since they eat up insects. And in this way they protect the plants in the garden from these harmful insects. So the boy decided that next time if he sees the garden snake, he will let him pass and would tell himself that garden snake is harmless.
