MORAL OF THE STORY

The moral of the story is , “Look before you Leap “ .It means whatever we want to do in life we must be very careful about the future consequences . If our plans fail we will suffer a lot and sometimes our future may get spoiled if we are not careful and mindful of what we are doing and what we want to do .

One must be confident about ones success but one must not be over confident . When we knowingly or unknowingly commit a mistake or do wrong somewhere , our reputation may get damaged and we may suffer from a great loss . That is why one should look before he/ she leap. We must not count the chicks before they are hatched . And we should be aware of the fact that God helps those who help themselves.
