

Lesson : The Accidental Tourist

Activity name	Rescue- Solve my Problem
Level	IX
Skill	Thinking, Analytical Skills
Time	40 minutes
Grouping of students	Groups of 5
Materials	Pens and notebooks

Learning Outcomes: The students will be able to:

- develop management and problem solving skills
- practice the art of stating opinions and showing agreement and disagreement.

Teacher Activity- The teacher will:

- provide a situation to the students

You go to visit your friend in China. The moment you land there you get to know that your luggage got misplaced in transit. Later that day you become a victim to pick pocketing and you even lose your passport.

- tell the students that they have to find a solution to help ‘you’ by reaching a consensus

Students’ Activity: The students will:

- discuss the issue at hand
- put forth their opinion, discuss the pros and cons of every solution to reach to a consensus.

Stages:

- Setting up (giving instructions – guidelines, objectives, rules, time limit): 5 minutes
- Discussion time: 25 minutes
- Feedback: 10 minutes

Rubrics:

- Appropriate answers- 5 marks
- Analysis of the situation -5 marks
