

Activity Number-G 4

Class- VI

Subject – S.St.

Month-August

Duration-30 min.

Activity – Sketch of the locality

Lesson-4 Maps

Learning outcome –The students will be able to create the sketch of their locality.

What I have to do? - To make a sketch of the locality.

What I require? - Colored pencils, scale and eraser.

Nature of activity- Individual activity

What I already know? – Directions, Map pointing and various types of maps.

How will I proceed?

Teacher preparedness- Teacher will keep some cut outs of different signs and symbols. She will create her own symbols and show them in the class next day. A day before the activity, she will ask the students to take the round of their locality and observe the places and their location carefully.

Teacher's activity- Teacher will instruct the students to-

1. Keep all the material on the table.
2. List the things present in the surrounding when the round was taken.
3. Try to remember the direction of each place by closing the eyes.
4. See the symbols stick on the board and make own symbols for different places.

Student's activity-

1. Make a rough draft in the mind and try to assimilate each and every thing.
2. Design a legend by allocating own symbols for different things by choosing different colors for each symbol.
3. Represent various places of the locality with the help of above mentioned symbols on the sheet.
4. Make a sketch by using symbols .

What have I observed?

S. No.	Places in the locality	Sign/ symbol
1.		
2.		
3.		
4.
