CLASS: VII

SUBJECT: SOCIAL SCIENCES

SOCIAL AND POLITICAL LIFE

CHAPTER - 2: ROLE OF GOVERNMENT IN HEALTH

EXPERIENTIAL LEARNING:

ACTIVITY:

Create a wall magazine for your class on the work done by the government in areas like education, irrigation, public health service and development of infra-structure.

CURIOSITY QUESTION:

Why do you think that health plays a major role in the development of a Nation?

ANSWER GUIDE:

1. What are the factors responsible for good health?
2. Why do you need public health centres?
3. Is there equality in Health care facilities?
4. Do you think private hospitals give more facilities than the Government?
