

Class -VIII

Subject – POLITICAL SCIENCE

LESSON- 7 -Understanding Marginalisation

Activity -Poster making

Learning Outcome-Visualize the problems faced by the people who undergo discrimination

What I have to do? – Poster making – “We all stand together but unequal”.

Time required – 1 hour

What do I need? – Chart paper, decorative materials and colors.

Type of activity- Group Activity

What I already know?- The discrimination faced by that Mr. and Mrs. Ansaris and Omprakash Valmiki in the lesson- struggle for equality done in the previous class.

Teacher’s Activity-

Teacher’s Preparedness – A day before the activity discussion on forms of discrimination faced by the people in our society.

How will I proceed? –

- 1.The class will be divided into 8 groups with five students in each.
- 2 .A group leader will be selected amongst the group on common consensus .
3. They will make a poster on various types of discrimination existing in society at the same time condemning the same and giving the society a message to give up the practice of discrimination.
4. The group members will present their posters with the other groups in the class
5. A brief information about various laws enacted and organizations working towards eliminating the existing discrimination will be shared in the class by various groups.

What have I observed?-

People/ community Affected	Types of discrimination Faced	Laws /Provisions made to counter the situation

What have I learnt? –

Q1. Why are the following communities marginalized?

a. Women-

b. Adivasis -

c. Muslims-
