Key competencies- critical thinking through brain storming on the development of the subject.
Communication with the help of group and class discussion.
Citizenship with the help of global aspect of the subject.
Creative skills with the help of map work.

DAY 2

- *The students will revise the previous day work.
- *discuss the density and growth of population.
- *Questions from NCERT will be discussed along with the discussion of solved examples given.

Key competencies- critical thinking through brain storming on the development of the subject.
Communication with the help of group and class discussion.
Citizenship with the help of global aspect of the subject.
Creative skills with the help of map work.

GUIDED PRACTICE

The students will solve selected questions from NCERT book of exercise in their notebook in the class with the help of their teacher.

SUMMARIZE AND CHECK FOR UNDERSTANDING

Some questions will be asked based on the day's teaching and doubts will be cleared.

INDEPENDENT PRACTICE – Students will do the leftover questions of exercise in their Assignment notebook

DAY 3

*The students will be explained the doubling time of population.

*The exercise would be undertaken, questions from NCERT will be discussed along with the discussion of solved examples given.

GUIDED PRACTICE

The students will solve selected questions from NCERT book of exercise in their notebook in the class with the help of their teacher.

SUMMARIZE AND CHECK FOR UNDERSTANDING

Some questions will be asked based on the day's teaching and doubts will be cleared.

INDEPENDENT PRACTICE – Students will do the remaining questions of exercise in their assignment notebook.

Key competencies- critical thinking through brain storming on the development of the subject.
Communication with the help of group and class discussion.
Citizenship with the help of global aspect of the subject.
Creative skills with the help of map work.
