THE ADVENTURE

The Adventure is a text about Quantum Theory and its implications in life.

Quantum Theory

Professor Gaitonde was an eminent historian from Pune.

He had to deliver a lecture on Catastrophe theory in his thousandth address but he met with an accident before it.

His experience at Azad maidan revealed him the truth about catastrophe theory.

Professor Gaitonde stole BahusahebanchiBakhar from library.

Lack of determinism in quantum theory.

His friend RajendraDeshpande rationalises on the basis of Catastrophe theory and Quantum theory.
