

NOW THAT YOU WATCHED THE VIDEO

Did you notice the following?

How did the learner engage?

How did the activity make use of
different senses?

How was the space used?

What was the role of the teacher?

WHAT ARE SOME IDEAS YOU OBSERVED IN THE VIDEO?

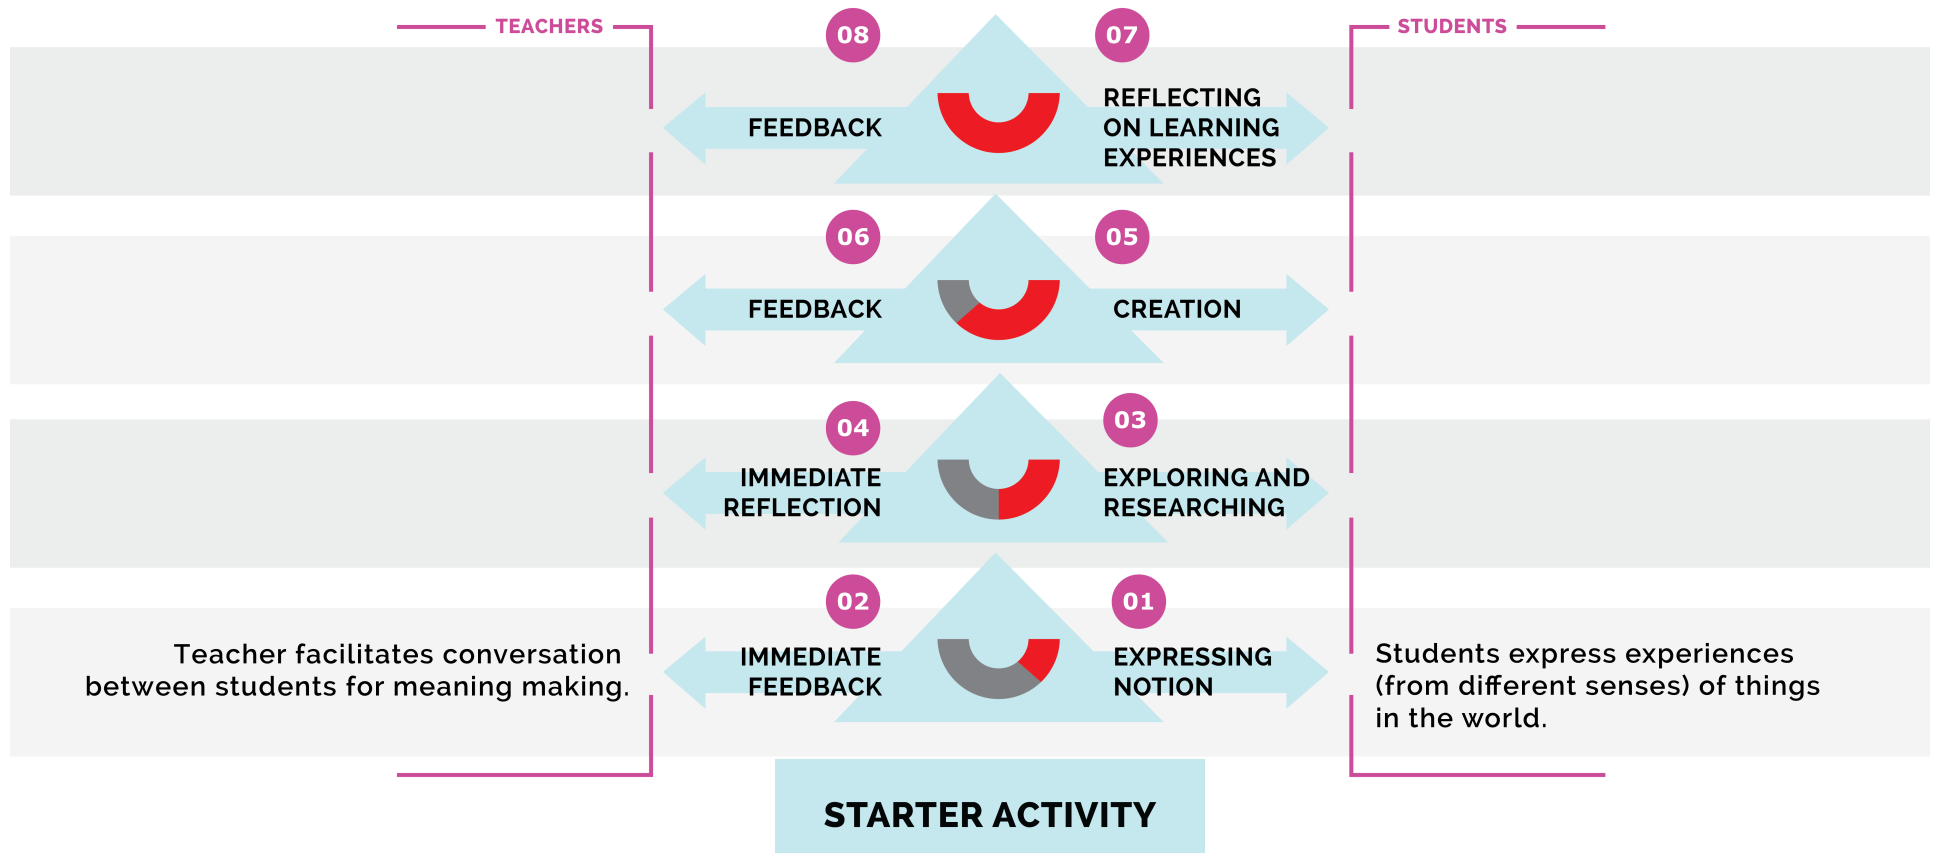

Make the table on a paper or notebook. In column B, write different ideas students learnt about airplanes in each activity

	A	B
1.	Making a paper Plane	
2.	Create model of a plane	
3.	Students talk about the activity	

THE EXPERIENTIAL LEARNING MODEL

The earlier video is developed on the following model. Let's understand each aspect on it in more detail.

BEFORE YOU WATCH A VIDEO

In the upcoming video on starter activity, notice the following.

How many students participate in the activity?

How many students are fully involved?

How does the teacher give instructions?

How is the space being used by students?
