What are the steps to use Header and Footer in Page Maker.

Procedure : Follow the given steps to using Master Page in Page Maker :

1. Click on New File.
2. Type some data in Page Maker.
3. Now click on L and R option as in figure.

4. Now press Ctrl + Alt + P on L page and also in R page. The following figure will display on the screen.

4. In this way you can enter the header and footer in the book.
