Learning Outcome Addressed: (LO 3): Identifies characters, and sequence of events in a story

Sequencing helps:

- In identification of the component of the story - the beginning, middle and end and also to the ability to retell the events.
- In speaking reading & writing.
- To understand and organize material learned as well as helps the learner in solving problems.

The ability to sequence requires higher order thinking skills, from recognizing patterns to determining cause and effect and more.
