An elephant was looking for friends. She met a monkey and asked, “Will you be my friend, monkey?” “You are too big and cannot swing on trees as I do. So I cannot be your friend”, said the monkey.

The elephant then met a rabbit and asked him if she could be his friend. “You are too big to fit inside my burrow. You cannot be my friend”, replied the rabbit.

Then the elephant met a frog and asked if she could be her friend. The frog said “You are too big and heavy. You cannot jump like me. I am sorry, but you cannot be my friend”.

The elephant was sad. The next day, she heard the roar of a tiger. She saw all the animals in the forest running in fear. The elephant faced the tiger bravely, and scared it away. Now all the animals became friendly towards her.
