PREFACE

A good text book works as a bridge between the teacher and the pupil in the process of teaching and learning. It determines the process of dissemination of appropriate knowledge to the students in that particular subject. Thus the text book acts as a guide for both the teacher and the student. If the contents of the text book are relevant and their presentation is made in an attractive form it becomes more useful to the students and guide them like a good friend.

This book itself has been prepared by Himachal Pradesh Board of School Education. We shall try our best to incorporate the latest information with no errors in these text books. This is the first attempt of the Board to publish such Advanced books. The learned teachers of the state of Himachal are earnestly requested to bring to the notice of the Chairman, Himachal Pradesh Board of School Education in writing about any kind of error in the books so that these text books are made error free.

I sincerely believe that teachers of my state will certainly come forward with their constructive and priceless suggestions to improve the quality of these text books resulting in benefit to the students. It has been a Endeavour of Himachal Pradesh Board of School Education Dharamshala that qualitative and low priced books are made available to the students.
