

Picnic

Ball, Umbrella and Box
were three friends.
All the three went on a
high hill for the picnic.
On the way they met
a rabbit having four legs.
All the four went for
the picnic.

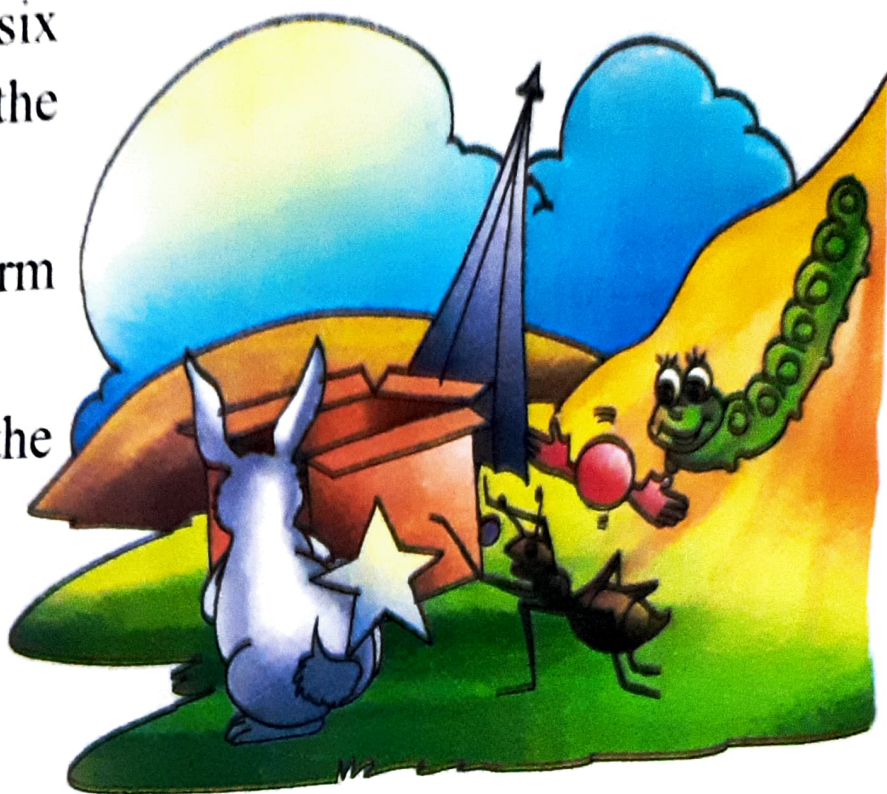

After some distance they
met a star having five corners.
All the five went for the picnic.

After some more distance they met an ant having six legs. All the six went for the picnic.

On the way they met a worm with seven rings.

All the seven went for the picnic.

They met a spider having eight legs.

All the eight went for the picnic.

Then they met a butterfly having nine spots. They walked together. Then all the nine reached the hill. All of them played and said, “Wow! it was fun”.

- Ask the students to make rows or circles of nine students each and allot them number from 1 to 9 according to their positions.
- Make them understand numbers from 1 to 9 with the help of solid objects and pictures and also make them practise to write digits from 1 to 9.

Exercise

1- Who first started for the picnic to the hill? Whom did they meet on the way?

2. Count and write

	6			Six	Six	
	7			Seven	Seven	
	8			Eight	EIGHT	
	9			Nine	NINE	

3- Make groups-

3 pitchers

4 leaves

4. पढ़ो और बताओ क्या होगा, यदि –

- गेंद खो गई तो, गेंद-बल्ला नहीं खेल पाएंगे।.....
- गिलास खो गया तो,
- पेन खो गया तो,
- मोबाइल फोन खो गया तो,

● Make the students understand the predecessor and the successor of any number and the ascending and the descending order of the numbers too.
