

INNOVATIVE CONTENT TO EXPLAIN HOTSPOTS

Class-VI

Subject-Science

Chapter-2

(Components of food)

To clear the concept of balanced diet and deficiency diseases **integration of art with science** will be incorporated. Teacher will demonstrate creative Snakes and ladders board activity among students.: Students will be told to make a board game based on concept- balanced diet and deficiency diseases.. A sample will be shown and each student will develop his/her personal style to make a board game.
