This information will later be placed on a chart that is divided into four sections to provide a visual representations to learners. Frayer Model 
Proceeding further <i>(What strategies will be used in the class to achieve the lesson objectives?)</i>	Day 1: (Learning engagement 2) Dictogloss: The facilitator will conduct one round of Model reading of the lesson ‘Nina and the Baby sparrow’ in the class. The learners will be asked to write down the key words and then later reconstruct the text in their own words. Prepare a Word file showcasing your reaction. Critical Thinking- Uses Systems Thinking <u>RUBRICS</u> • Uses various types of reasoning as appropriate to the situation. • Effectively analyzes and evaluates major alternative points of view. While the learners are reading aloud the facilitator will assess the reading style and level of the learner. Also with the help of the questioning technique (Hot Seat) the understanding of the learner will be checked.
