Home Work /Assignments

NCERT back exercise is given as home task.

Questions taken in the class were also asked to solve.

Teacher's Activity	Student's Activity	Teacher's Observation And Remedial
The teacher will recapitulate the forms of Private Sector, already done by the students in the previous chapter. The teacher will focus on how Public Sector contributed in the development of the Indian economy by developing the infrastructure. The teacher will discuss the changes which were introduced by the government in the Public Sector after the economic Policy of 1991. The teacher will also discuss how and why the government limited its role and gave more freedom to the Private Sector. The teacher will make students aware of Global enterprises. (MNCS) as done by them in class IX and X, the role of MNCS will also be discussed at large. Thereafter, the teacher will initiate students to list the benefits and drawbacks of Joint Venture and PPP.	Students will analyse the chart on Public and Private Sector, and they will be asked as to what all is required to develop an economy. Students will bring out the pros and cons of Public Sector through class discussion. The students will analyse the role of Departmental undertakings Public Corporations and Government companies. The Students will appreciate the changes observed by them in Indian Economy after the Economic Policy of 1991. They will also ascertain how the role of Public Sector has changed since then. Students will come out with the advantages and disadvantages of MNCS and Joint Ventures by taking examples from the real life business situations. Students were able to list the features of Public Private Partnership (PPP).	Teacher will write her observations after completion of the topic.
