

Targeted learning outcomes (TLO)		
S.NO.	Competency	Targeted learning outcomes (TLO)
1.	Understanding of basic concept	a) To be able to Identify different directions. b) To be able to Identify and view objects from different directions. c) To be able to understand shapes and patterns made by using dots. d) To be able to understand the concept of symmetrical and asymmetrical figures.
2.	Ability to compute	a) To be able to name and write different directions. b) To be able to draw shapes and patterns using dots. c) To be able to draw mirror half of an object by using mirror. d) To be able to draw line of symmetry.
3.	Problem solving ability	a) To be able to identify the direction by looking at the picture. b) To be able to complete the incomplete shape by joining the dots. c) To be able to make wonderful patterns by using mirror and colourful blocks. d) To be able to make symmetrical figures with the help of their line of symmetry.
