Assignment 1:

Draw a rangoli design by joining dot.

Assignment 2:

Join the dots to draw squares and rectangles.

## Day- 3

## MIRROR HALVES

Competency: Understanding and ability to compute.

TLO: Able to understand the concept of mirror halves and draw the other half of a picture.

Online class video-<https://drive.google.com/open?id=1dw3hMDiroAzDCGW-betjrAexzv-udlB4>

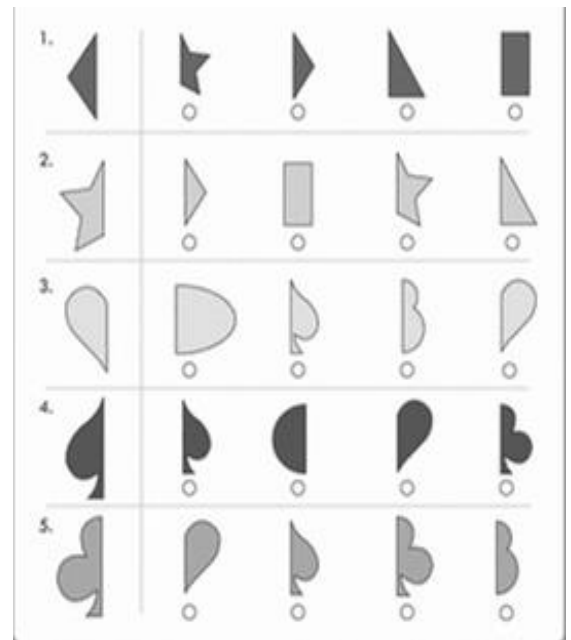

In some pictures, by putting a mirror at the edge of a half picture the other half can be seen in the mirror and that is called mirror half of that picture.

To understand how? watch this video carefully

Assignment 1:

Look at each shape, draw it and by putting a mirror find out which drawing would be the mirror half of the given shape? Colour the bubble next to the correct answer.

Assignment 2:

Mirror half game:

Students are suggested to play this game by cutting colourful papers just like the blocks in the video.

Assignment 3:

Draw the other half of these pictures and find out what these things are.

Try doing it with a mirror.

## Day- 4

## SYMMETRY

Competency: Understanding and problem-solving ability

TLO: Able to understand the concept of symmetry and draw the line of symmetry in the given pictures.

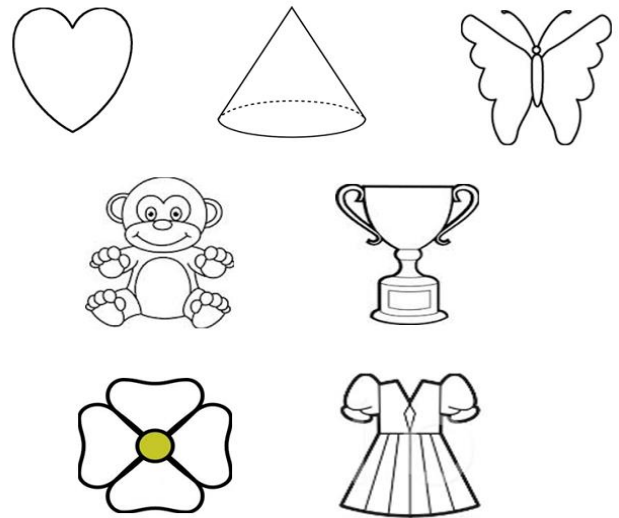

Online class video- <https://drive.google.com/open?id=1Epx6RCaBCyW0rHKDD23A3i5TJCJdF7bO>

Watch the video carefully to understand symmetry

<https://drive.google.com/open?id=15JwbTJIO28nLkTPQyPxMkebw7b0GrUHj>

Assignment 1:

Draw the line of symmetry  
in the following figures.

Assignment 2:

Take a paper, fold it from middle, open and put some different paint colour drops on one half. Fold it again, press from both of your hands. Now open it.

Watch the video for help.
