Reflections-

After the activity is over, the students are going to fill up the given template.

Name _____

Date _____

Think-Pair-Share

Read the following question:

In what ways are animals better than humans?

Think

Mention any three points expressing your opinion about this statement.

1. _____

2. _____
3. _____

Pair

Discuss your ideas with your partner. Mention the points that were common between what you and your partner wrote. Then, make a list of ideas your partner had that you did not have:

Common Points:

1. _____
2. _____
3. _____

Different Points:

1. _____
2. _____
3. _____

Share

Review all of your ideas and pick out the one you think is most important. Share this idea with the entire class. As you listen to the ideas of the other pairs, write down two more ideas you liked:

1. _____
2. _____
3. _____
