

DPS Sahibabad

- CLASS-III
- E.V.S.
- CH-13- Sharing Our Feelings

Sharing Our Feelings

- 1.) We all want to share our feelings.
- We all full of emotions and feelings towards humans, plants, animals and disabled persons.
- Sharing **your feelings** helps you release the emotions you have pent up inside.

Plants and animals also have feelings too.

Sense Organs

Humans have five basic senses:

sight, hearing, smell, taste and touch.

Humans have five basic senses:

touch, sight, hearing, smell and taste.

The sensing organs associated with each sense send information to the brain to help us understand and perceive the world around us.

Importance of Sense Organs

Old and disabled persons need
our love and care.

Disabilities can be of many types.

- One who cannot see-blind
- Blind people use Braille script to read and write.
- Louis Braille introduced this script.

Basic Idea of Braille Script

- **Braille** is a **system** of touch reading and writing for blind persons in which raised dots represent the letters of the alphabet. It also contains equivalents for punctuation marks and provides symbols to show letter groupings. **Braille** is read by moving the hand or hands from left to right along each line.

Thank You!

One who cannot hear-Deaf

One who cannot talk-Dumb

Disability is not a curse. Let's
help them to help themselves
