GOOD TOUCH

BAD TOUCH

“**good touch**” as a way for people to show they care for each other and help each other (i.e., hugging, holding hands, changing a baby's diaper). “**Bad touch**”, on the other hand, is the kind you don't like and want it to stop **right** away (e.g. hitting, kicking, or **touching** private parts).

Good" touch is **touch** that we agree to, that makes us feel happy or takes care of our health.

"**Bad" touch** makes us feel scared or uncomfortable, and it means that the other person shouldn't be **touching** us in that way.
